

The Ouray School District is proud to announce that we are joining the *LiveWell@School Food Initiative*. LiveWell Colorado is a non-profit working on reducing obesity by promoting healthy eating and active living. The *LiveWell@School Food Initiative* is committed to ensuring that all Colorado students consume healthy food and beverages in school by both reducing access to highly processed meals and increasing access to affordable, scratch-cooked options. As a parent and a culinary student I am passionate about fresh whole foods and I look forward to facilitating this positive change in our school lunches. - Shannon Williams, Food Service Director
